'VARSITY MEETS LOYLA NEXT WEEK

Opens Basketball Season Next Saturday With Baltimore Quint.

SHARP GAME EXPECTED.

The Athletic season at George Washington will be formally ushered in next Friday evening, Dec. 12, when the strong varsity quint will meet Loyola at National Guard armory in the first basketball game of the regular schedule. Manager Tom Murray and Coach "Schlitz" Schlosser are looking forward to this game as the first test of what is believed to be the strongest team ever turned out by George Washington and a good crowd is expected to be on hand to encourage the local talent.

Scrimmage practice for the last two weeks and three games with city teams have brought the varsity into fine form, but practice will be continued up to the eve of the battle. The boys have twice defeated the Central Y. M. C. A. five and last Saturday they romped away with the right end of the score in a game with the Terminal Y. M. C. A. quint at the Union Station gymnasium.

The tentative line-up for the game next Friday night as follows: Hoppe, center; Hall and Almon, forwards; Grosbeck (sometimes called "Dr.") and Captain Shaver, guards; subs, "Diminutive" Bryant, forward; Hamner, guard; Seiler, guard, and Johnson, center.

Loyola will come to Washington with the prestige of two victories over George Washington last year, 33 to 21 and 20 to 18, but Coach "Schlitz" Schlosser (capacity unknown) and "Tipperary" Murray are confident that they are going to slip something of a surprise over on the Baltimore boys next week.

Johnson, one of the strong members of the squad, has been laid up with a lame knee for the last week, and in private conversation is willing to admit that there are some things harder than knee caps.

Professor McNemar, the Atlas of the athletic situation at G. W. U., is preparing to issue an attractive "form" book and schedule for the basketball season. The athletic director, in the role of resuscitator, is acquiring renown as the skillful dispenser of restoratives and latterly he has been threatening the laurels of the A. B. C. mediators of mid-summer fame.

DUCKPIN VICTORY FOR ENGINEERS.

The first of a series of duckpin matches between teams representing the different departments of the University was played last Saturday night, when the quad representing the Engineering Society met and defeated the team representing the Pre-Medical Class in three straight games at the bowling alleys in the National Rifles Armory on G Street near Ninth. All the games were closely and hotly contested. Strong interest in the outcome of the match was manifested by the large number of spectators at the game. The following is the line-up:

Engineers	Pre-Medica
M. B. Smith,	D. Davis,
D. V. Stroop,	C. Barone,
J. W. Kennedy,	M. Herzmark,
R. L. Kaese,	Capt. G. Bassett, Capt.

The next game will be rolled tomorrow night at the same alleys and will be contested by teams representing the Architectural and Engineering Societies.

TRY-OUTS FOR THE ATHLETIC ASSOCIATION PLAY

All persons interested in taking part in the play to be given for the benefit of the Athletic Association should communicate either in person or by letter with Alden M. Wheeler, 382 House Office Building, not later than December 10. In making applications, previous experience along theatrical lines should be stated.

SPHINX OPENS PRIZE SONG CONTEST

Honor Society Offers Three Prizes For Best College Lyric.

The board of judges is composed of the following: Professor George N. Henning, Chairman; President Charles H. Stockton; and Dean William A. Wilbur. The prize song will be published in the University Hatchet. In addition, the prize songs and all those songs worthy of honorable mention will be published in a suitable leaflet for use on general occasions.

Many fine pieces are found among the artists who compose the orchestra and an exceedingly enjoyable evening is promised to the audience.

Miss Virginia Wooden who is assisting Miss Dabney in arranging a Dickens' Carnival to be given at the New Willard this month for the benefit of the Belgian sufferers, asks the aid of all students, both men and women, who have had dramatic experience. Further information may be had on demand at the Hatchet office. Names should be sent to Miss Wooden in care of the University.

night, in Hall No. 3, of the Medical Building. All those students of the University who have had experience in rifle shooting or who are interested in rifle shooting are invited to attend this meeting.

This University has always held an enviable place in the shooting matches of the country and will undoubtedly make great advances this year.

The meeting tomorrow night will be called at 7:30 p. m. and will close early, making it possible for those attending to keep engagements later.

DAVID STARR JORDAN TO SPEAK.

Dr. David Starr Jordan, President Emeritus of Leland Stanford, Jr., University, is to deliver an address on next Sunday afternoon at Poli's Theater in the interests of peace. The subject of his discourse will be "The Great War." This furnishes an excellent opportunity for the students of the University to hear this distinguished speaker.

HOSPITAL LUNCHEON DECEMBER EIGHTH

Annual Bazaar For Benefit Of University Hospital At The Raleigh.

UNIVERSITY GIRLS TO ASSIST.

The annual bazaar and luncheon for the benefit of the George Washington University Hospital will take place on next Tuesday, December twelfth, at the Raleigh ballroom. The luncheon will be served from twelve to two. Tea will be served from four to six. Dancing will be indulged in from eight-thirty to twelve. All afternoon all kinds of Christmas gifts, including dolls and homemade candies, will be on sale. The special feature of the bazaar will be the dancing in the evening.

So brilliant have been the successes of these benefits in the past that they are eagerly looked forward to by the students. Many of the University girls assist at the luncheon, tea, and the sale so that these events have become quite popular with the male contingent from the University.

The Board of Lady Managers is putting forth every effort to make next week's affair the best in its history. Mrs. William Cline Borden is chairman of the luncheon committee and Mrs. E. G. Seibert and Mrs. A. Lisner will have charge of the tea tables. The other members of the general committee are Mrs. W. Thompson Burch, Mrs. E. C. Brandenburg, Mrs. Charles W. Hyde, Mrs. Nathaniel McKay, Mrs. William Clark Prentiss.

GLEE CLUB ACTIVE.

Mandolin Club Holds Lively Practice.

In a rousing practice last Tuesday night the Men's Glee Club made the old University walls ring with the strains of lively airs. Sweeping the whole gamut of feeling from the highest exuberance to the deepest pathos, the sweet tones swelled and diminished in beautiful succession.

The following men were added to the club: F. N. Otis, flute; I. S. Otis; violin; M. C. Leonard, guitar and mandolin. Mr. Mitchell, First Bass.

The next rehearsal will be held on Tuesday, December 8, in the Arts and Science Building, 2023 G Street. A few more mandolins are needed, and another violin.

AN EXPLANATION.

In the Hatchet of November the 13th an article by Prof. John Paul Earnest on College Athletics was published. It was intended at that time to publish a brief, explanatory note about the article but this note was inadvertently omitted. This article was written by Prof. Earnest ten years ago and was published in the "1905 Cherry Tree". At that time athletic conditions at the University were much the same as they are now and the article was reprinted as again a timely one.

Since its first publication our teams gradually came up until we held the football championship of the south, and then while at the zenith, through student mismanagement, financial losses made necessary their cessation. Now under the new faculty and graduate supervision it is hoped that the rise will be just as rapid but that danger of mismanagement has been eliminated.

It is regretted that any misunderstanding was caused owing to the failure to credit the article properly as to its place and time of original publication.

RELIEF FUND BENEFIT.

The University Orchestra has been practicing twice-a-week in preparation for its big event, the concert to be held on Friday, December 11, in the Assembly Hall of the Department of Arts and Sciences, 2023 G Street, for the Belgian Relief Fund. Much fine music has been practiced and the organization is in readiness to present an excellent program. A large representation is expected from both the faculty and the students of each department of the University. Tickets may be had from the members of the orchestra at twenty-five cents. Reservations may be made at the Hatchet office at any time from now on. The remaining rehearsals will be held on Wednesday and Friday of this week and Wednesday of next week.

COLUMBIAN SOCIETY

ACCEPTS CHALLENGE.

The challenge of the University Congress, published in a recent issue of the Hatchet, to an inter-society debate has been accepted by the Columbian Debating Society. Committees from the two organizations have been appointed to decide upon the question and the date of the debate, which will probably take place about the middle of December.

Sec. 4. The Board of Managers shall have power by a majority vote of all the members to remove from office any editor or business manager whose scholastic standing is reported unsatisfactory by the Dean of the department in which he is registered or who for any other reason which the Board may deem sufficient, is not a fit incumbent of such office.

It shall be the duty of the Secretary to notify the Deans of the various departments in which editors and business managers of the Hatchet are registered of their election as such editors and business managers and to request from the said Deans notice, whenever the scholastic standing of such editors or business managers shall become unsatisfactory.

ARTICLE III.

These By-Laws may be amended by a majority vote of the members of the Board of Managers.

ARTICLE IV.

DR. RUFFIN DISCUSSES

SUCCESS OF SERUMS

University Professor Speaks Before The "Keep Wells".

Dr. Sterling Ruffin, Professor of Medicine of the University, spoke last Friday night before the "Keep Wells" at St. John's Parish Hall on the subject "How to Avoid Certain Infectious Diseases." He spoke of the effects and success of the serums now being used to prevent and combat typhoid, smallpox, hydrophobia, plague and cholera.

Dr. Ruffin told of the wonderful absence of typhoid among armies of the nations now at war, as in contradistinction to the Spanish-American war and the Boer war, where typhoid carried off ten times as many soldiers as did bullets. The fact that the new serum had been injected into practically all the soldiers of Europe, he said, had prevented the sickness.

Dr. Ruffin spoke of the successful warfare against the fly which Washingtonians have conducted in recent years, saying that the pests were decreased almost to the point of extinction, and with them went much of the danger of contagious disease.

CONSTITUTION ALTERATIONS

Changes Made At Athletic Association Meeting On November Eleventh.

The following are the changes which were made in the tentative Constitution of the Athletic Association, which appeared in the Hatchet of November 6, at the meeting of the Athletic Association when the Constitution was adopted.

Article II, Section 1. Strike out words "not enrolled in or associated with any other University", so that section now reads:

"Membership in the Association shall be open to all regularly enrolled students of the University, all graduates, members of the faculty of each Department, and members of the Board of Trustees."

Article II, Section 6. Strike out entire section.

Article III, Section 1, Paragraph 2. Strike out in all cases the words "upon the recommendation of the Director of Athletics" so that paragraph now reads:

"First, those designated by the officials of the University, namely the Director of Athletics, appointed by the Board of Trustees with all powers necessary for the proper administration of the duties of his office under the articles of guarantee issued to the President of the University; the Attorney for the Association, designated by the President of the University; and the Medical Examiner, designated by the Dean of the Medical School."

Article III, Section 7. First sentence, insert "financial" before the word "matters" so that sentence now reads:

"The Financial Secretary of the Association shall be the direct representative of the Director of Athletics and shall work in conjunction with him in all financial matters pertaining to athletics."

Article III, Section 8. Change first word "The" to "Each"—"Each coach shall have charge of the developing of the team that is under his or her direction."

Article V, Section 3, Paragraph (C). Strike out "By and with the advice and consent of the Director of Athletics" so that paragraph now reads:

"To award all athletic insignia upon recommendation of the coach and captain of that particular branch of athletics in which the insignia is awarded."

Article III, Section 13. "Secretary" changed to "Recording Secretary"—"To be eligible for election as President, Vice-President or Recording Secretary, a student must be in good scholastic standing and classified as a Junior or Senior in any Department of this University."

Article VI, Section 4. Strike out "for the same office" in first sentence and insert "at any one election", so as to read:

"All nominations shall be made by a petition signed by at least ten members of the Association, no signature to appear on more than one petition at any one election."

Article VI, Section 5. Change "three p. m." to "six p. m."

"All elections shall be by ballot, a ballot box to remain open in each Department not less than forty-eight hours preceding six p. m. of the day designated by the Executive Committee as the day of election."

Article VI, Section 7. First sentence, strike out "designated" and insert "agreed upon"; after "Athletics" insert "and the present President", so that first sentence now reads, "The votes shall be counted by a judge and two tellers to be agreed upon by the Director of Athletics and the present President."

Article VI, Section 8. Change "A majority vote" to "A majority of those voting" in first sentence, so as to read, "A majority of those voting shall be necessary to elect". In second sentence strike out after "if there are" the words "more than" and insert "at least", so that sentence now reads,

"In case of no majority the three candidates having the highest number of votes, if there are at least three candidates, shall be placed on a second ballot, and a plurality vote shall decide among them."

Article VI, Section 9. Insert at end "by and with the consent of the Director of Athletics" so as to read, "The assistant managers and other assistant officers shall, in all cases, be appointed by the officer or manager in charge by and with the consent of the Director of Athletics."

Article VI, Section 10. First paragraph struck out. (Revised and inserted in Article X—see below.)

Article VII, Section 1. First sentence, after "Athletic Association," insert "to be eligible for the captaincy," striking out "the captain"; before "must have won his 'W'" insert "must have won his 'W'" insert now reads:

"Except in case where any athletic team is organized for the first time under the present Athletic Association, to be eligible for the captaincy of any athletic team, one must have won his W or equivalent insignia in that sport in a preceding season."

Article VIII. Insert:

"Section 2. No student shall be continued on any athletic team if he has been reported deficient in any study by the Faculty of the Department in which he is enrolled."

Article IX, Section 1, b. First paragraph, strike out "twelve" an insert "fifteen", so that sentence reads: "Baseball 'W's' may be awarded to players playing two whole games and part of a third provided that not more than fifteen 'W's' are awarded."

Article IX, Section 1, d. First paragraph, strike out "three" and insert "parts of five", so that sentence reads, "Basketball insignia may be awarded to men playing in parts of five or more games provided that not more than seven are awarded."

Article IX, Section 1, h. Change last letter "e" to "d".

CO-EDS HOLD YOUNGSTER PARTY

The second party under the auspices of the Woman's University Club took place on the night of Wednesday, November 25 in the Assembly Hall of the Department of Arts and Sciences. The feature of the evening was that all the girls came dressed up in the clothes of their little sisters, giving quite a juvenile air to the affair. Old-fashioned ring games, dominoes, "jacks" and other children's games were indulged in during the course of the evening. Refreshments were served and at the time of departure many of these "children" were taken home by fond parents. This party was given by the Sophomore members of the club. Other parties given by the other classes are to follow.

RICH'S SHOES FOR YOUNG MEN

DUM DUMS AND SHRAPNEL.

By T. S. D.

No, dear reader, the new building next door is not an addition to the Hatchet office; it is merely the edifice built to house the six new Mergenthalers and the two Hoe octuple presses used in its publication, since the old structure proved to be inadequate for the shelter of the new equipment. We are using the old one as a mailing division.

Strange Death Certificates IV.

"Do not know cause of death, but patient recovered fully from last illness."

Now, to waltz it a bit, we clip the following:

In the Fall

You remember last July when the Mercury was so high and the sun was blazing laziness on all; how you said it was too hot to be working on the trot, but you'd surely do a lot in the fall. Well, the summer now is past and the fall is here at last, but your pile of work is just about as tall. The things you have to do don't seem such fun to you as in summer's golden vision of the fall. It's beginning tasks we hate; how we do procrastinate! Every Monday morning's desk seems like a wall; and the only way we find (as if time we could unwind) is to put work out or mind—till the fall.

In this 1st-no-after-Thanksgiving, we expected to give a lot of space to sorority rush events, but we were cheated out of this by the recent unexpected appearance of a new constellation among the stars.

The Editor Guy.

It's continual running to hunt up the news, Hard on the temper—hard on the shoes, And "ye ed" is human—a little at least— And neither a fish, a fowl nor a beast; So say a kind word as you rush madly by And try to be white to that editor guy.

—Pencil Pushing Trade.

Not that we mean that running a colyum is hard—it's the easiest thing on a paper next to editing it and managing all the business, but

You would not slam the stuff we use, If you could see the stuff we refuse.

We understand that with the occupation of the new building all the members of the classes in zoology are going to find places to sit down during the lectures. We hope that their seats will be more comfortable than the editorial throne.

News Not From Battle-Scared Europe.

VIENNA (via Rome), Oct. 25.—The Austrian Chancellor has stated that Franz Joseph has sent the following message: "Mother Church, Scientist, Boston, Mass.: Please ship via Holland 300,000 absent treatments for use among my troops along the Russian frontier who imagine they are suffering from cholera."

DEPARTMENTAL NOTES.

FACULTY.

Dean Ruediger of the Teachers College represented the University at the meeting of the Association of Colleges and Preparatory Schools of the Middle States and Maryland, which took place in New York City on November 27 and 28.

During the recent Congress of the American College Surgeons the following members of the faculty of the Medical School were made fellows of the Society: Drs. H. G. Fuller, F. T. Kelley, Oscar A. M. McKimmie and Daniel Kerfoot Shute. Many positions on the Board of Governors are filled by members of the Faculty.

COLUMBIAN COLLEGE.

Miss Helen Hotchkiss attended the Lehigh-Lafayette Game at Easton, Pa., on November 21.

Miss Lina H. Fergusson and Miss Katherine Heron were among those from the University present at the Thanksgiving hop at the Naval Academy and at the Army-Navy game in Philadelphia Saturday.

Tully C. Garner, accompanied by Erwin Harsch, motored over to Philadelphia last Friday to attend the Army-Navy game. On the return trip which was made Sunday in five hours, they were accompanied by John S. Bixler and George P. Wolf.

TEACHERS COLLEGE.

The present Senior Class has nineteen members which is about double the number of any preceding graduating class.

Miss Florence Kerby of the Senior Class is teaching at the Washington Business and Civil Service School.

Mrs. Mary Norrworthy Whiteley has registered as a special student and is taking the courses in general and experimental psychology. Mrs. Whiteley is a graduate in the Montessori method and is conducting a Montessori school in this city.

ENGINEERING SCHOOL.

Mr. Mark R. Woodward, Instructor in Electrical Engineering, is back at his post, having been absent since the beginning of the school year.

Thomas P. Murray, Manager of the Basketball Team, and Arnold A. Brand were among the many from University who witnessed the Army-Navy football game in Pennsylvania last Saturday.

MEDICAL SCHOOL.

On Friday, November 20, Dr. Ruffin introduced Dr. Deicks, who until recently has been connected with the sanitation of the Canal Zone. Dr. Deicks very interestingly told how the corps of medical men combated the three most prevalent diseases, yellow fever, malarial fever and dysentery.

Dr. J. B. Briggs recently gave an interesting talk on "Quackery" before the Junior Class.

Louisiana makes the twenty-third state to require the premedical college year. The recent ruling of the Louisiana State Board of Medical Examiners will affect all those graduating in 1919 and thereafter.

Hugh Collins reports a great hunting trip during the holidays.

The fact that the proceeds from the Hospital benefit in helping out the Hospital serve as a direct benefit to the students of the Medical School will go a long way toward bringing a large contingent from this department to the luncheon served at the Raleigh next Tuesday by the Board of Lady Managers.

Mr. Paul Stirling Putzki of the Junior Class has been appointed Student Intern in the University Hospital.

DENTAL SCHOOL.

B. M. Davis and Mr. Shadrick of the Junior Class spent their Thanksgiving holidays at their homes in Maryland.

A new blackboard for the posting of Dental School notices has recently been placed in the main hall of the Medical School.

WITH THE GREEKS.

Kappa Sigma fraternity announces the pledging of Carl A. Brandes of the law school.

The annual fall initiation of Washington City Rho Chapter of the Sigma Alpha Epsilon Fraternity was held at the chapter house, 1236 Euclid St. Saturday, November 21st, when the following men were received into the organization: Joseph DuBois, C. H. Plugge, Robert L. Bailey, Robert Smith, Melvin C. Hobson, and George T. Hall. Following the ritual a large smoker was held which was attended by many out-of-town brothers of the order.

Sigma Alpha Epsilon gave its annual Thanksgiving dance on the evening of Wednesday, November 25th. The house was most appropriately decorated for the occasion, the decorations lending a very suitable background for the gayly dressed dancers as they swayed to the maddening strains of the fox trot and the one step as can be played only by Louis Brown and drum. Mrs. Marlow chaperoned the affair.

On Thanksgiving afternoon Sigma Alpha Epsilon held a tea dance at its chapter house which was largely attended. Following the dance, supper was served. Later the entire party departed for Keith's in machines where a section had been reserved. Mrs. Quigley chaperoned the occasion, which was universally declared a success.

The local group petitioning Phi Mu was recently the host of Miss Shirley Henderson, Phi Mu. of Hollins College, and Miss Erna Fergusson, the National Secretary of Phi Mu. Miss Fergusson is a graduate of the University of New Mexico and also has a Master's degree from Columbia.

The S. Z. Ammen Province of the Kappa Alpha Fraternity held its biennial council at Richmond last week with the following representatives from the local chapter: Delegates, John M. Jeffries, W. W. Shepard; Alternates, E. O. Barr, Frank Boughman. The representative from the Washington Alumni Chapter was H. K. Van Alstyne.

The Order of the Skull and Circle, the Sophomore Honor Society, held the second of a series of smokers at the Sigma Alpha Epsilon House, last Monday night. Everyone present spent a very enjoyable evening the feature of which was a negro vaudeville sketch.

The following men have been pledged to the Order: Raymond J. Hinton, Engineering; Pierre Chamberlain, Law; and Chauncey S. Winstead, Law.

Sigma Phi Epsilon held its fall initiation at the chapter house, Friday evening, November 20. Although a trifle obstreperous, the sacred goat was successfully ridden by the following men: William Boesser Deuterman, C. C. '18; Frank Hartmond Hamack, Law '16; Leo Arthur Merryman, C. C. '18; Charles Mellis Myers, Eng. '18; Arthur Price Starr, Arch. '17; Howard Scott, C. C. '17; Manuel de Agüero, Law, '17; Clarence Sumner Hunter, Eng. '18; and Kennard Nottingham Ware, Law '17.

Sigma Phi Epsilon gave a brilliant The Dancant at its Chapter House, 15th and R Sts., Thanksgiving afternoon. A large and vivacious crowd

attended and gayly "tripped the light fantastic" in the latest approved style. The girls were unusually pretty and well dressed; the music was good; and all enjoyed the afternoon to the full.

The Sigma Kappa Sorority recently entertained its pledges at a taffy pull at the home of Miss Joanna Best on Euclid Street.

Miss Laura Newell of Nu Chapter, Sigma Kappa, Middlebury, Vermont, was a guest of the local chapter last Monday.

Sigma Kappa formed a theatre party at the Belasco last night to see Robert Mantell in Shakespeare's "King Lear".

The Kappa Sigma Fraternity entertained a large number of its friends at a very delightful tea last Sunday afternoon at the Chapter House, 1100 Vermont Avenue. Miss Burt was assisted by Miss Carter at the tea table.

Last Saturday night Kappa Sigma held its fall initiation and inducted the following men into the mysteries of the order: Ernest H. Allen, Lunsford L. Hamner, James Bryant, Kenneth Romney and J. Lester Brooks of the Law School, and W. W. McClure of the Engineering School.

The first of the winter dances of Kappa Sigma will be held next Saturday night at the Chapter House.

ARMY STUDENT CAMPS FOR SUMMER OF 1915

War Department Announces The Dates And Places For Holding Them.

Arrangements have been made by the War Department for the establishment of students' military instruction camps during the summer of 1915, as follows:

One at or near Chickamauga Park, from July 5 to August 8, inclusive; one at or near Plattsburg barracks, N. Y., same dates; one at Ludington, Mich., same dates, and one at or near the Presidio of San Francisco, Cal., from June 25 to August 1, inclusive. The camp at Chickamauga Park will be established by the department commander only if, in his opinion, the number of prospective students warrants such action.

Purpose of the Camps.

The object of the camps is to give the young men of the country opportunity for a short course in military training, the better to fit them to discharge their military duty should their country ever stand in need of their services. All companies will be commanded by a selected regular army officer, or officers, who will be aided by subaltern officers and non-commissioned officers selected from among the students themselves.

The regulations explain that these camps are designed for the instruction of students in universities, colleges and the graduating classes at high schools—and other schools rated as such—or graduates of the same. Applicants must be citizens of the United States. They must be of good moral character, physically qualified and of good standing in their classes.

Must Attend Full Period.

Students must attend for the full period of five weeks, unless compelled by actual necessity to leave before that time. They must conform to the rules and regulations prescribed for the government of the camp, the commanding officer having authority to discontinue their attendance or withhold certificate, or both, upon violation of such ordinances.

The discipline exacted will be strict and just. Students will be on a cadet status; that is, treated with the courtesy due prospective officers, but subject to all rules and regulations of the camp and to disciplinary measures for infractions thereof.
